

Nursery Newsletter

Lent 1

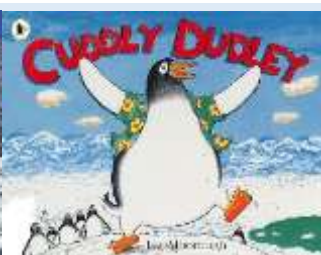

Our topic this half term is We're going on an animal hunt

We will be learning all about animals, where they live and if they go to sleep for the winter

This term our focus will be on communication and language. We will be working on expressing our feelings and working on techniques to support us to manage our emotions. We also have a big focus on gross and fine motor skills. We will do this by using our outdoor area to make big movements with our body such as running and climbing and inside grasping, rolling and pinching dough as well as lots of other fun activities.

We will change reading books every **Wednesday**. Please read and enjoy this book with your child.

Our Stories This Term

Literacy

This half term we will be listening to lots of stories and talking about books. We will act out scenes and discuss pictures to help our use of vocabulary.

We will also learn and sing nursery rhymes.

Maths

This half term we will be focusing on the numbers 0–5. We will be counting objects around the classroom and outdoor areas.

We will also be looking at patterns and sequencing events.

Topic

Our topic lessons are always based on the focus book for that week. We will be learning all about bears, winter animals, robins, snakes, foxes, owls and penguins. We will look at what they eat, where they live and what they look like.
