

Nursery Newsletter

Our topic this half term is Puddles and Rainbows

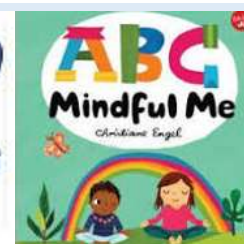

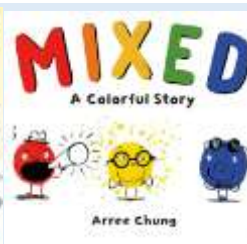

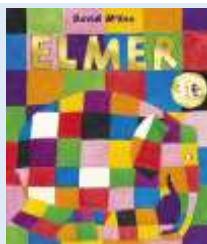

We will be learning about the seasons, weather and colour

This term on exploring the outdoors and what happens when it rains. We will make predictions and investigate with water. This will give us lots of opportunities to explore different vocabulary. We will continue to learn through play working on our gross and fine motor skills throughout the day.

Please can you supply your child with a spare pair of clothes and wellies for this topic. Thank you

We will change reading books every **Wednesday**. Please read and enjoy this book with your child.

Our Stories This Term

Literacy

This term we will be extending our vocabulary in conversation. We will work in small groups to build confidence when speaking.

We will also learn a new nursery rhyme every week.

Nursery Class are fantastic singers!

Maths

This half term we will be consolidating our knowledge of numbers 0-5. We will sing and play games so that learning is fun and exciting. Once we are secure in our knowledge of 0-5 we will move on to larger numbers.

We will also explore 2D and 3D shapes

Topic

Our topic lessons are always based on the focus book for that week. We will be learning about seasonal changes and observe what happens. We will learn how to use water safely and We will be able to explore puddles and make our own rainbows. We are going to explore colours of the world and have the opportunity to create some amazing artwork!
