In **Science**, we will continue with our topic 'Animals including Humans'. Children will be able to recognise the impact of exercise and a healthy diet, undertaking science enquiries to measure the heart rate before and after exercise. We will develop our conceptual understanding of which drugs are legal and those that are illegal and the effects they can have on the body. We will research the ways that water and nutrients are transported in different animals.

In **History**, we will be focusing on Grimsby and Cleethorpes and the changes made through WW1 and WW2. Using primary and secondary sources to learn about the 'Pals Battalion' and the promises made for friends and relatives to fight side by side. We will go on to learn about the extensive damage that was bestowed on the streets of Grimsby and Cleethorpes and the lives lost as a result of this. A visit to the Bomber Command Centre, will help to begin our experience.

In **Design and Technology**, children will be exploring the structure and mechanisms of functioning bridges. They will identify features of the designs and how to reinforce and strengthen a 3D frame. They will build an understanding of skills in order to design and make high-quality prototypes and products for a wide range of users

In **RE**, we are completing our topic on **Unity**, where children are understanding what nourishes and what spoils friendship and unity. They will see that the Eucharist challenges and enables the Christian family to live and grow in communion every day. The children continue to confidently show how their own and others' decisions are informed by beliefs and values.

In **Maths**, we will complete our work on percentages before moving onto finding area, perimeter and volume of any shape.

In **English**, our writing focus this term will be an **explanation** and a **story with a historical setting**. Our reading skills book this term will continue to be **Secrets of the Sun King**.

Reading books and records to be sent in everyday please. Dojos awarded for 3 recorded 10 minute reads at home.
