14.11.25	Children in need
27.11.25	Advent wreath making
1.12.25	Lada production Jack and the Beanstalk
TBC	KS1 Nativity
16.12.25	Christmas Lunch
19.12.25	End of term

In **Science**, our topic is **Living things and their habitats**. Children will be able to identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants. Children will experience first-hand how a wormery functions and how to build a bug hotel.

To kick-start our **History** topic will have the opportunity to come to school dressed up as explorers. In this unit children will learn about Christopher Columbus, a famous Italian explorer. By the end of the topic they will understand the legacy he left for future generations.

In **Design and Technology** children will be exploring nutrition and working towards designing and cooking an Asian meal. They will learn where food comes from, the best tools to use to perform different tasks and designing a tasty and nutritious meal.

In **RE**, our next topic is **Prophecy and Promise** where we think about what a prophet is and what they tell us, learn about the Annunciation story where Mary is visited by the angel to tell her she will be the mother of Jesus and the importance to prepare for special events, as we prepare to celebrate the birth of Christ.

In **Maths** we will continue with our **Addition and Subtraction** unit before moving onto **Shape**. In **English** our writing focus this term will be a **descriptive character narrative** based on our class story *The Fantastic Mr Fox*. Our reading skills book this term will be *Flat Stanley*.
Reading books and records to be sent in everyday please. Dojos awarded for 3 recorded 10 minute reads at home.
