

Year 3 Newsletter Lent 2

PE
EVERY
THURSDAY &
FRIDAY

Key dates:

23.2.26	start of term
26.2.26	Heart Month cake sale/wear red.
5.3.26	World book day
11.2.26	Lent Mass
31.3.26	Good Friday Mass
2.4.26	End of Term

Our **History** focus this term is **Medieval and Tudor Grimsby**. We will learn about how events in Tudor and medieval times effected Grimsby such as the plague and King Henry VIII. We will recognize how the population of Grimsby has changed over time and look at different religious houses that were built and destroyed in this time period.

In **RE** this term, the children will be starting our new topic **DESERT TO GARDEN**. They will learn about the feeding of the five thousand and the last supper. We also look at the Eucharistic mass in more detail, focusing on the prayers, signs and actions which can be found.

In **Design and Technology**, we will be exploring **machines and mechanism**. We will revisit the names of different mechanisms, including sliders, levers, linkages, axles and wheels. In our **DT** lessons, we will learn about cams and experiment with different shapes. We will then design, make and evaluate a child's automaton toy.

In **Science** we will continue with our **biology** topic **animals, including humans**. This half term we will focus on nutrition and how we can have a healthy body. We will look in depth at the different food groups and that different foods and drinks contain different amounts of nutrition. We will explore how different animals get the nutrition they need in different ways.

In **Maths** we will be starting our unit on **Lengths and perimeter** then moving on to **Fractions**. In **English** our writing focusses this term will be **instructions** followed by a **legend narrative**.

Reading books and records to be sent in everyday please.

THANK YOU FOR READING OUR NEWSLETTER.
