

Year 1 Newsletter March 2026

In RE we have been continuing to explore Luke's Gospels. We have looked at the story, Jesus and the children and the story of Zacchaeus, the tax collector. We have talked about how the people who met Jesus might have felt and how they changed following this experience.

In PE we have been working on our Gymnastics unit. This has included learning different gymnastic moves and working in pairs and groups to put a sequence of movements together.

In Geography we have been continuing our learning about the physical and human made features of our school area. We have looked at aerial views of the areas around Grimsby and Cleethorpes and drew our own maps of around our school.
