Our **History** topic this term is **Roman Britain**. Children will be studying about Julius Caesar and Boudicca and learning the impact they had on British life. We will also be exploring how trade boosted the British economy.

In **Design and Technology**, the children are going to be designing and building a greenhouse within their **structure** topic. They will know that adding diagonal struts adds strength and stability and explore what materials will be the best choice to make a greenhouse.

In **RE** this term, we will be looking at how different people express their faith and religious beliefs. Within this we will explore the Last Supper, the Passover and Islamic beliefs. Our creative lessons will include religious art and music from other faiths and Islamic calligraphy.

In **Science** we are exploring **Light and Shadows**. Children will conduct experiments to see how a light source can create a shadow and will test different materials to see if they are reflective or non-reflective.

In **Maths** we will be starting out **money** topic. Then our **time** topic and finally move onto **shape and statistics**.

In **English** our writing focus this term will be a **persuasive letter** and **performance poetry**.

Reading books and records to be sent in everyday please. Homework to be returned by Friday.
