How can personal feelings and experiences lead to different beliefs and choices about how someone chooses to live their life?

- Can you **explain the links** between appearances of Jesus to the disciples in John's Gospel and Christian beliefs?
- Can you **describe** the Christian belief about the Resurrection and the revelation of the Holy Trinity?
- **Explain** why Jesus is called the 'new Adam', **making links** between scripture texts from the New and Old Testaments.
- Choose a charity you have studied and **describe and explain** how it witnesses Christian faith through its work.
